

*Become an Educator Partner
and you could win a **FREE iPad!***

HigherL's LMS Educator Partner Program

The higherL LMS Educator Partner Program

is looking for instructors to be among the first to experience **higherL's** newest online learning management system and personalized support... for free. That's right.

HigherL will waive course setup fees (an approximate \$500 value) and our team will do all the 'heavy lifting' of getting your course set up with yours and your textbook publisher's materials organized according to your syllabus or course outline. And, by joining our **Educator Partner Program** group, instructors will be entered in a drawing to win a new Apple iPad, too!

The higherL Learning Management System Overview

The higherL LMS resides on our servers, saving an institution's IT overhead, and allowing us to insure virtually 100% uptime. Our LMS saves time by maximizing your course administration productivity, leaving you more time to teach and counsel. Coupled with our hands-on support (which we call **The higherL Service Advantage™** -- our promise to you of personal, prompt and effective support), handling assignments, testing, grading, and course communication and more becomes a breeze. **HigherL** helps you easily create a more engaging learning process for your students and a more efficient and effective teaching experience for you.

Educator Partner Role

The role of an instructor in the **Educator Partner Program** is very simple: provide feedback! You'll evaluate both our 'high touch' support system and the functionality of the **higherL LMS**. Leave as much of the setup as you wish - all the 'heavy lifting' of loading your syllabus, test bank, assignments and other materials - to us.

Free setup, great support, and a good chance to win an iPad (to be raffled off at the end of the program) - all good reasons to contact us today!

Act Now

Space is limited in **Educator Partner Program**. Reserve your right to be pampered by our course developers and experience the benefits of the **higherL LMS** and support system by contacting us today.

Call 1-866-563-7770 and ask for the **Educator Partner Program** coordinator, or just email info@higherl.com and we'll respond right away.

Thanks for your interest in the **higherL Educator Partner Program!**
